¹ Post-ATP Reports become available once a Request for Authorization to Proceed (ATP) is submitted, the criteria are met, and the request is marked as Approved within PEMSolutions by Pearson Educational Measurement or the Virginia Department of Education. (See the ATP Form for specific criteria required for ATP Approval http://www.doe.virginia.gov/VDOE/Assessment/ATP/ATP_FORM07.doc)

² The Division Director of Testing (DDOT) may place a one-time order to have printed copies of selected reports prepared and delivered to the DDOT shipping address. This option becomes available for an administration after an ATP for that administration is approved in PEMSolutions.
